Imagination: Tom Wallisch
Canada, 2017, 5 minutes / Filmmaker: Sherpas Cinema
Have you ever been that little kid sitting in the back seat of your parents’ car, wishing you were somewhere else? So you imagine a skier on the side of the road, and use your fingers to command back flips and roof drops, improbable rail slides and huge airs? Well, what if your imagination came to life?

Loved by All: The Story of Apa Sherpa
Canada, 2017, 14 minutes / Filmmaker: Sherpas Cinema

United Kingdom, 2016, 7 minutes / Filmmaker: Justin Anderson, BBC Worldwide
Only a few pioneering animals have what it takes to survive in the world’s highest mountain ranges, and they tend to be some of the most elusive and mysterious animals on the planet. Climb to a world that is beautiful but full of danger, where only the most adventurous animals can hope to survive.

Stumped
USA, 2016, 25 minutes / Filmmaker: Cedar Wright & Taylor Keating
Maureen Beck has never let the fact that she is missing her lower left arm hold her back from climbing. She doesn’t want to be considered a good one-armed climber, or a good female climber… She just wants to be a plain good climber.
